

Hunters Invade County Saturday

Deer Season Looking Good, Says Local Game Warden

Saturday, Nov. 16, is a big day in Medina County as every first day of the hunting season. Hunters from all parts of Texas will be seeking to make their kill between that 30 minutes before sunrise to the 30 minutes after sunset.

And August Timmerman, game warden says that conditions have not been more favorable for hunting in years. Deer are plentiful and in good condition. But he says it may take a little more hunting skill to get a good one this year as the animals are not hungry and are not as apt to be looking for a free handout at the feeding grounds. The deer have had lots of acorns to eat and plenty of green vegetation.

This is the wettest opening the county has had since 1948, according to Timmerman, and he says a few leases will be inaccessible if the weather doesn't clear. On the subject of leases, he said there are still some available and that both he and the chamber of commerce office have the information.

Doe Hunting

Doe season for a part of Medina County will run from Dec. 1 through Dec. 15. The portion where doe permits are to be issued is north of a line beginning at Highway 90 at the Uvalde

County line to Hondo, then up to Quilhi, over to Sturm Hill, to Rio Medina and down to Castroville. Doe hunting south of the line will be illegal.

Timmerman reports there will be only one checking station for doe in the county this year. The animals must be brought to the cement slab just west of the Triple R Service Station on Highway 90, east.

Landowners may secure permits at the Chamber of Commerce office on Nov. 18, 19 and 20, and those persons desiring to hunt doe may obtain further information at the office also. There has been no change in rules governing deer hunting since last season, Timmerman stated.

Persons who get their buck in Medina County early on the morning of Nov. 16 better head for the Anvil Herald office pronto.

The newspaper will give an 8x10 photograph to the man legally killing the first buck on the opening day of hunting season, one to the woman killing the first in the county and one to the first child, 12 years or under, who brings in the first one.

The 1957 big game season is about to begin, so remember to drive by the Anvil Herald with your proof and your tale. Check your watch when you make the kill, and remember, no fudging!

Turkey Hunting

Turkey hunting is to be the best in years, Timmerman reveals. But hunters are allowed only one gobbler per season in Medina County, instead of the two allowed in earlier years.

Quail Season

Quail may be banded and if the bag limit is 12 per day or a total of 24 possession limit.

The state game commission has taken an active part in restocking quail in this area. Over 400 Bob Whites were turned loose in the county earlier in the year, according to Timmerman.

Quails may be banded and if so, hunters should report to the game warden. Recently, H. A. McClure, hunting on Irving Goodings place, shot a dove which had been banded in April, 1955 at Edinburg. A little later V. H. Neuman shot one on his place and it had been banded in July, '56 in Oklahoma City. The United States Department of Interior, Fish and Wildlife Service, is responsible for the banding and they do it to study migration of wild birds.

Illegal Hunting

Game Warden Timmerman says there were only about 15 hunters paying fines during last hunting season for violations and he hopes there will be even fewer violations this year. He is game warden for Medina County. L. D. Nuckles covers the eastern part of Medina County and especially the Medina lake area.

Turkey Look

Turkey hunters may be headed for good shooting in the near future on the Edwards Plateau. With the end of six years of drought and many years of unwise land use, wild turkeys at last are increasing their flocks, according to the November issue of Texas Game and Fish, the official magazine of the Game and Fish Commission.

Until this year, there had been a steady downward trend of the turkey population of the Plateau since 1938. The heavy spring rains developed not only feed but

also foliage the turkeys needed for protection from predators. Suitable weather during nesting season also contributed to the turkey increase.

Unwise cedar clearing, which destroyed one of the favored feeds of turkeys, has been curtailed to some extent by better public understanding of the harm being done to the turkey population.

In mid-July a report on percentage increase in turkey populations in the Plateau counties showed Bandera County leading with a 378.3 per cent increase. Kerr County had a 203.7 per cent increase; Edwards County, 84.9 per cent, and Medina County, 35.9 per cent.

Use For The Hide

When hunters bag the buck, they may tag the hide for a TB patient.

That is the word from volunteers who work in the state tuberculosis hospitals and who will have the hides tanned into buck-

skin for use in occupational therapy. The hides should be salted, drained, tied and turned over to the motor freight lines for shipment to the Austin Taxidermist Studio, 2708 Fredericksburg Road, Austin, where the owner will handle them for consignment to the tannery.

The salt is necessary to help the drainage and to prevent spoilage, Rathbone says. The tag should read "for TB patients", so the motor freight lines can haul them without charge. The volunteers will take it from there.

The buckskin can mean a lot to a guy in the TB hospital who won't be going hunting for some time to come, according to hospital volunteers.

The deer hide collection has the endorsement of the Game and Fish Commission and the Sportsmen's Clubs of Texas. Last year, Air Force Reserve members took training mission time to fly the hides to the California tannery.

2 SWTTC Favorites From Medina County

Out of six Gaillardians (women favorites presented at Southwest State College over the weekend, Medina County had one, or two. They were Dorothy Leinweber, a junior of Hondo, Patricia Busby, Devine junior. In addition to this, another of the favorites is Darlene Muenink of Alice, who is a niece of Emil Muenink of Hondo.

Presentation of 12 all-college favorites (Gaillardians and Gaillardians) climaxed events of the 1957 Homecoming at SWT in San Marcos Saturday night, Nov. 9.

The 12 favorites were selected from an all-college election held two weeks ago, but the identity of the winning candidates was kept secret until the Homecoming presentation. The 12 were selected from a field of 68 students who were nominated by clubs and organizations of the SWT campus.

Patricia Busby, a home economics major, is the daughter of Mr. and Mrs. F. J. Leinweber of Hondo.

Patricia Busby, a business administration major, is the daughter of Mr. and Mrs. George Busby of Devine.

Darlene Muenink, a senior home economics student, is the daughter of Mr. and Mrs. L. L. Muenink of Alice.

Parents of the favorites were honored by a reception at the home of SWT President and Mrs. J. G. Flowers prior to the Gaillardian presentation at the annual Homecoming dance. Mr. and Mrs. Leinweber attended.

Dorothy Leinweber

Children Should Not Be In Schoolroom

STIN — Now that school is in routine and winter is pushing fall aside, there probably be the usual increase in communicable diseases among children.

A number of unnecessary deaths — could be prevented every year in Texas, if all parents would only realize the danger of the common cold.

Pearsall Clobbers Owls, Final Game Here 15th

was a case of making the fall and then quickly taking advantage of them that proved the winning combination. And Pearsall's devastating scoring line hit its season peak to win into the season final with the Owls and none district slate by beating Hondo 54-0.

The first quarter proved a good game with no scoring in sight. Owls held the Mavericks at bay and looked good in doing it. Then the fire broke loose as a desperate Owl defense tried to fighting a losing battle. A short punt opened the flood gate and nothing could stop a Pearsall eleven with a 54-0 scoring chart proving

Quarterback Cantu, having his moment with three marks and a stack of additional points, put the first touchdown on a neat rollout. Following a few minutes was Villareal with a great 74 yard punt return to really break heart of the Owl attack. His accomplishments included other thrusts and it was a two-point punch that plucked victory from the Owls.

The Owls come home on a long road trip to tackle the Billy Wolves in the season

Boy, 10, Has 2nd Degree Burn On Legs

John Douglas Gravell, aged 10, received some first but mostly second degree burns Sunday.

The youngster, wearing a new pair of cotton flannel pajamas, was standing in front of a gas heater when the garment caught fire and burned the backs of both legs. He screamed, but had the forethought to jerk them off himself, before his parents arrived in the room.

He was treated at Medina Hospital where he stayed until Tuesday night when he was able to go home.

The son of Mr. and Mrs. John H. Gravell, John is a sixth grader at Lacy.

Mangold Makes Outstanding School Record

Sylvan J. Mangold of LaCoste is one of six St. Mary's University R.O.T.C. cadets to be designated a distinguished military student. As a result, he will be offered a regular Army commission upon graduation.

Temporary appointments and duty assignments for the cadet corps have been announced and they include two Medina County students, Cadet First Lt. Glennis W. Stein of Rio Medina and Cadet Second Lt. Mark Kempf of Castroville.

Natalia Schools Closed For Week

The Natalia Independent School District attempted to reopen school again after being closed for one week on account of a flu epidemic. We found that we had approximately 30 percent still out of school, with several sick students in the class rooms. We will attempt to open school Monday, November 18th.

Oil Test To Be Near Castroville

Carroll C. Raborn of San Antonio has secured a permit to drill a new wildcat oil test in Medina County.

It will be located three miles southeast of Castroville, and is proposed to 800 feet as the No. 1 Floyd L. Tondre.

Location is on a 106.92-acre lease in Joseph Biediger Survey No. 15 approximately 2,500 feet due north of the Medina River.

1958 MODEL AUTOMOBILES ON DISPLAY IN HONDO

Hondo automobile dealers have unveiled their new cars for 1958.

First to take the wrappings off the new models here was Medina Motor Sales, Thursday, Oct. 31. A. T. Sims, owner, and all his salesmen were in red vests for the day showing visitors the new features.

Jake Schuehle unveiled his new Ford in a public showing Thursday, Nov. 7.

The weekend also saw Jack Winkler displaying both the new

Last Call For CofC Tickets

Mrs. Winnie Braden, Hondo Chamber of Commerce secretary issued an appeal for those desiring to attend the annual membership banquet of the organization to send or make their reservations immediately. They cannot be accepted after Wednesday, Nov. 20. The banquet is scheduled for Monday night, Dec. 2, in the Hondo Air Base Club.

C. of C. members were mailed reservation request forms and ballots for new chamber directors last week and these should be promptly returned, Mrs. Braden said.

O. J. Bomba's moving to Eagle Pass and the death of Harry Haltman have caused two additional vacancies on the chamber directors list. In addition to these, there are three whose terms expire. A total of five directors is to be elected.

New directors and officers will be announced at the banquet. And the annual "Outstanding Citizen" award, won last year by Mrs. Jo Wood, will be revealed.

Two Jailed For Castro Burglary

Sheriff Charles Hitzfelder reported Wednesday that Albert and Johnnie Sittre, 19 and 17 years old, have confessed breaking into a building owned by Robert Burell of Castroville. Hitzfelder said that two rifles, hubcaps, gas and pecans were taken.

The two youths were in jail Wednesday, and bond has been set at \$500.

H. Boehle Dies, Services Nov. 14

Funeral services were set for Thursday, Nov. 14 at 2 p.m. for Henry C. Boehle, 66, of Quilhi.

Mr. Boehle died Tuesday, Nov. 12, 1957. The service will be under the direction of Rev. Wm. Durkop, at the Horger Chapel, with burial at Quilhi Cemetery.

Half County Taxes Paid In October

Alfred J. Rohrbach, County Tax Assessor-Collector, reported Tuesday that \$27,522.26 had been paid during the month of October on county taxes. This is 50.85 per cent of the total \$142,615.88 on the Tax roll chart.

Last year at this time, 50.73 percent had been paid, showing only a fraction difference in the two.

Those taxpayers who parted with their money in October were allowed a 3 percent discount.

Taxpayers will be allowed a 2 percent discount if taxes are paid in November and one percent if paid in December. In January the full rate will be due and there after a penalty attached. The penalty increases as time goes on.

A total of 472 persons had paid their poll tax through the month of October, Rohrbach reported. Deadline for this is Jan. 31.

School Contract Awarded At Natalia

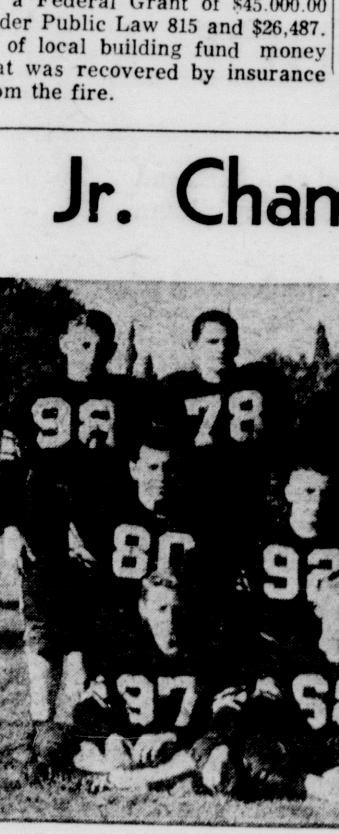

Mr. Cecil Willis, Superintendent of Schools, announces that the Natalia Independent School District awarded a \$71,487.50 contract to Christy and Baskett Inc. from San Antonio for remodeling and rebuilding of the High School, which burned last December 9th.

The new section will consist of two typical class rooms, administrative offices, counsel room, cafeteria, home making department, book storage room, and corridor with the students book lockers.

The outside walls will be of brick and plaster. Inside walls of cement blocks. The floors of asphalt tile and acoustical tile for the ceilings.

This building is being financed by a Federal Grant of \$45,000.00 under Public Law 815 and \$26,487.50 of local building fund money that was recovered by insurance from the fire.

Jr. Champs? Thursday Will Decide

HONDO'S HOOTS WILL PLAY PEARSALL here Thursday night and if the local boys win, Hondo will win the Junior High 28A championship. If they lose, Dilley will be winner. The Hoots have a record of 4 wins, 1 loss and 1 tie, Bob Nations and Tom Moseley are coaches of the team.

Shown above, front row left to right are: Gary Kilmer, Billy Marshall, Rusty Beard, Barry Kuykendall, Rodney Freeman, Kenny Clapham, and Max

POSTMASTER FILLEMAN URGES

MAIL EARLY FOR XMAS

Predicting that the Christmas mail this year will set an all time record, even exceeding the 131,000 pieces of mail handled here in 1956, Postmaster Harry E. Filleman announced his 1957 "Mail Early For Christmas" Campaign today.

With Christmas only a little more than a month away, the Postmaster reminds us, "It's later than you think." Most folks have a tendency to wait until December rolls around before they give their Christmas mailing plans a thought!

The Postmaster further suggested that right now is the time to take the following steps: Check your Christmas card lists very carefully — make sure that each address includes the full name, street and number, city, zone and state.

New Preacher For Baptists

The Rev. Robert Latham, who has accepted a call from the first Baptist Church of Hondo, will move into the parsonage Friday, and will occupy the pulpit Sunday for his first service.

Rev. Latham comes to Hondo from the First Baptist Church of Yorktown, where he has been pastor for the past year, after completing a year's work at the Southwestern Baptist Seminary in Fort Worth.

Accompanying Rev. Latham to their new home will be Mrs. Latham and their two-month-old son.

The Rev. Fly In Hospital

The Rev. Dick Fly, son of Mr. and Mrs. O. A. Fly, underwent major surgery at St. Luke's Hospital in Houston last Friday.

Tuesday he was reported in satisfactory condition.

The Rev. Fly is pastor of First Methodist Church at Rocksprings. His parents were there at the time of the operation and over the weekend, but returned to Hondo Tuesday evening.

2 Farm-To-Market Roads To Be Built

The Texas Highway Commission has taken the first step to inaugurate a new two year Farm-to-Market Road Program for Texas, Marshall Formby, Chairman of the Texas Highway Commission stated today. Money for this program is derived from the fund established by Senate Bill 287, Fifty-first Legislature.

F. M. Davis, District Engineer of the Texas Highway Department at San Antonio has stated that the following farm-to-market roads in this county are scheduled for work under this program: A Farm-to-Market Road extending from end of F.M. 462 near Yancey Southeast to proposed F. M. Road at Frio County line, a distance of approximately 5.8 miles.

Also: a Farm-to-Market Road extending from F.M. 471 South of Rio Medina East to end of F.M. 1957 at Bexar County Line, a distance of approximately 5.3 miles.

Davis stated that this year the Commission has authorized the development of some area roads which will serve the dual purpose of service to the adjacent land as well as aiding in the development of the entire area of the State.

It was announced that work will begin on these projects just as soon as final planning is completed and right of way secured. Resident Engineer C. E. Hackebell will be in charge of the work in this area.

Lots Of Flu Among Yancey Area Residents

By Mrs. Harrison Wilson

YANCEY — There's a lot of flu going around here, the Karl Fasellers, the Alfred Boggus' Phil Crains, Jimmie Heilgimans have had very sick children. Little Kerry Faseler was in the hospital Saturday but is home again.

Mrs. Charles Wegner and baby of Austin spent last week with her mother, Mrs. L. F. Faseler. Friday they went to Karnes City, met Mr. Wegner there and they took Mrs. Faseler to Smiley for a visit with her brothers and families, the Frank and Christian Spellman's.

Saturday Mrs. Faseler, with the Spellmans attended a turkey dinner at their church. Mrs. Faseler enjoyed the day very much, meeting old friends she had not seen for years. The Harry Meadows of San Antonio brought her home Monday.

We have had a fine slow rain amounting to 1.9 inches since Sunday and its still raining.

M&M Brian Frost, Susan and Karen of Austin spent the weekend with the W. S. Garnetts.

M&M E. T. Wiemers and Jean spent the weekend in Campbellton with M&M Fred Allen Jr. and family.

Miss Dora Mae Wilson went to the football game at Carrizo Springs with the Jim Ambersons Friday. After the game they went to Eagle Pass, returning Saturday night.

Guests of Mrs. L. F. Faseler for the weekend were M&M Harry Meadows and family of SA, M&M Homer Faseler of Ray-

mondville and M&M Charles Wegner and baby of Austin. Mrs. Wegner and son are spending the week with Mrs. Faseler.

Mrs. Slavon of SA spent the weekend with Miss Dora Mae Wilson.

M&M George Heilgimans and M&M Chamberlain of SA returned Tuesday after about ten days touring Arkansas. Their "head-quarters" were at Hot Springs and I hear that while the girls looked the town over the men had hot baths for their rheumatism.

On the return trip they spent one night with M&M Bill Faseler in Rusk.

Guests of M&M George Faseler Sunday were M&M Harold Faseler and family and M&M Floyd Ward and family of Hondo, also Mrs. Lula Ward and M&M Olin Brieden and Leslie Earl.

M&M Wayman McAnelly and family of SA spent Sunday with M&M E. T. Wiemers and Jean.

The P.T.A. took in around \$200 and the supper and Carnival last Saturday night. After some expenses they will have a nice little sum to use where needed most.

Emil Bohmfalk went to Corpus Christi for the weekend for a visit with the Clifford Bohmfalks and to bring Mrs. Bohmfalk home. She has been there for sometime, helping take care of the children with flu.

Sandra has arrived to make her home with M&M Ray Nixon and Rita.

Mrs. Karl Faseler, Kent and Kerry spent last Tuesday in New Fountain with her parents the Rev. Hornungs.

Children And TB

In spite of the brace for spinal tuberculosis, Gary enjoys a bed visit from Judy, another TB patient, and little Andrew, blinded by tuberculosis meningitis. Children may catch TB from adults who have unsuspected TB. Chest X-ray campaigns to find unknown cases of TB are supported by funds raised in the Christmas Seal Sale now being carried on by the 3,000 tuberculosis associations in the United States.

Etter Gets Fort Bliss Promotion

CASTROVILLE — Mr. and Mrs. Walter J. Etter and daughter have received word that their son and brother, Pfc. Maurice W. Etter of Fort Bliss, has received the promotion of Specialist Third Class.

Specialist Third Class Etter has been in the service the past 16 months taking his basic training at Fort Hood, and attending Military Police School at Fort Gordon, Georgia. At present he is a Personal typist clerk for the 832nd Ordinance Division at Fort Bliss.

TB FIGHT CONTINUES WITH SEALS

AUSTIN, November 12 — Governor Price Daniel today urged Texans to remember that the fight against tuberculosis continues in Texas.

In proclaiming the period November 15 to December 24 "Christmas Seal Days" the governor stated that "Modern drugs, medical science and better living conditions have lowered the terrible death rate of tuberculosis in Texas, but there has been such decline in the number of new tuberculosis cases from each year."

"It is estimated that 22,000 people in our state have active tuberculosis. In the nation in 1956, 10,000 new cases were discovered. Every five minutes, another American falls prey to tuberculosis, and last year 15,000 people died of this disease."

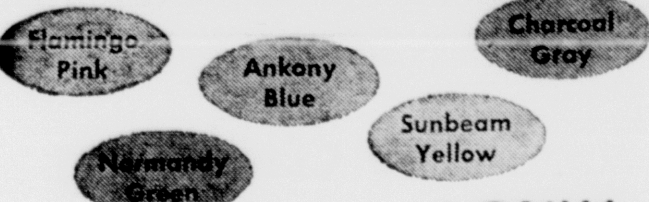

The governor signed the Christmas Seal proclamation in the presence of Miss Carolyn Calver of Austin, Miss Christmas Seal of 1957. She also bears the title Miss Texas. Miss Calver is the daughter of Supreme Court Justice and Mrs. Robert W. Calver and her mother has long been active on the board of the Texas and local tuberculosis associations over the State are supported by the annual sale of Christmas Seals. Seals will be in the market November 15.

First look at a smart performer

TODAY we're proudly displaying the 1958 GMC Money-Maker. And we think you'll find it the handsomest hustler you ever handled.

An eager 200 horsepower swings a top load like a cargo of feathers. Turning ease is like power steering's.

A fast-ratio cruising axle gives you an overdrive's road pace and gas savings. Foam-rubber seats cradle you in a roomy cab. Boulevard styling carries out the feeling of luxury.

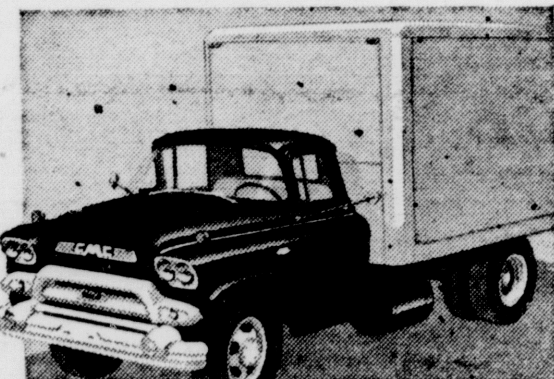

But this beauty is built like a pocket battleship. You'll see that in its massive spring hangers. In rear springs with the highest deflection rate of all light-duties.

You can sit solidly on an unhooked end of its tail gate—and you can't crinkle the roof or door panels with a smack of your hand.

You'll get the same quality instrument panel as on the big, \$10,000 GMC heavy-

duties. A radiator mounted on a bulkhead integral with the frame. A steering column, braced like a mast.

These and more tell the inside story of GMC stamina. Come in and see for yourself. Why not do it today?

THE SOLID LOOK—Beautiful but rugged, GMC's full family of fine trucks also includes Truck Air Suspension models, Super Tandems and America's No. 1 Diesel. From a half-ton to 45 tons, every GMC is a Money-Maker!

About Black Eyes...

Anvil Herald, Hondo, Texas
Friday, Nov. 15, 1957 3

LETTER TO THE EDITOR

Dear Fellow Texans:
Despite the opposition of Agriculture Secretary Ezra Taft Benson, at last the fund to rebuild wind and flood damaged farmlands will soon be trickling into Texas.

Jack Bradshaw, acting State Administrative Officer for the Conservation Committee, told me today that \$27,500 has been approved in Washington for rebuilding Bowie County soil damaged by Red River Floods last spring.

This is not much of the \$20 million appropriation, but it is only one county and is enough to get the work started. Farmland damage in Bowie County has been appraised at \$492,923, and Mr. Bradshaw says that consideration will be given to allocation of more funds for that county in January.

Meanwhile, applications from Brazos and Kaufman counties for these soil rebuilding funds are now being processed, and other Texas counties should soon be receiving this flood and wind erosion disaster help.

Mr. Bradshaw has asked me for a breakdown of the acres of flood and wind erosion damage in each Texas county, and it is being prepared.

The State ASC Administrator plans to resurvey the entire State with particular emphasis on these areas where considerable soil damage had been reported. Thus, farmers and ranchers will be given new information for these funds.

Soil conservation authorities tell me that if Texas farmers do not rebuild their damaged farmlands, it will be many years before the Texas farm economy can return to normal. I worked on this \$20 million appropriation to help get Texas farmlands back in condition. Those whose land has been damaged should ask their local ASC representative or county agriculture agent about making application under the program. Ralph Yarborough, U.S. Senator.

Dear Mr. Berger,

Enclosed find check for subscription to the Hondo paper, which we enjoy reading very much.

We are having a lot of rain at present, but had 1 1/2 inches of snow Oct. 27th.

Would surely enjoy some of that beautiful Texas weather.

Sincerely,

Mrs. Ida Senne.

fletcher davis

MR. SANTLEBEN TELLS
OF MAXIMILIAN'S DOWNFALL

"The dangers confronted in my travels were often compensated by pleasant entertainments at the end of my journey; and I recall one in which I took part that had no Indians or robbers connected with it, like those I have noticed. The occasion was a grand ball that was given about the latter part of June 1867 in the customhouse at Piedras Negras, to celebrate the termination of the war that closed the reign of the Emperor Maximilian of Mexico. All foreigners in Eagle Pass were invited, and many, including Thomas B. McManus, Charley Groos and myself, were in attendance, together with all the best people in that part of the country. My impression is that the news of Maximilian's execution, which took place on the 19th of June, had not been received, and the ball was an expression of joy on account of the restoration of the republic.

"My information with reference to that tragic event was acquired, principally, from individuals who participated in the war, and I will relate a few facts connected with the subject that were communicated by Colonel Morales of the Mexican army. He spoke of the great sympathy of the people for Maximilian, after he was condemned to death, and particularly of the manifestation by five hundred of the most respectable ladies of the City of Mexico, who drew up an appeal for clemency. Dressed in black robes, the long procession presented themselves before the military tribunal with the petition for the Emperor's pardon; but it was useless; his fate was sealed and he was beyond the hope of mercy.

"He witnessed the execution of Maximilian, Mejia and Miramon, and his relation of the facts was very impressive. They were taken to a hill outside of the city of Queritaro by platoons of soldiers that were detailed to execute them. When drawn up in line Maximilian advanced and presented each of the firing party a doubloon, with the request that they would take good aim until he gave them the signal to fire by removing his hand from his breast. After resuming his position he eulogized his generals and resigned to them the honor

of dying first. After they fell he calmly confronted the death that awaited him and met it with a fearlessness that became him. In after years I saw the spot in the Cathedral of Mexico where the Emperor and Empress stood in all their pride and glory when crowned, and, as I thought of their sad fate I could see the chapel that marks the place where he and his generals were executed.

"Generals Mejia and Miramon were gallant and competent officers in whom the Emperor placed implicit confidence and they proved themselves worthy of his trust, but another, in whom he confided to an equal extent, betrayed him. The "foreign legion", to whom was entrusted the duty of sustaining his throne, was composed of criminals taken from the prisons of Europe with the design of getting rid of them and were utterly unreliable as soldiers. I was told by responsible Mexican officers of both armies that the legion was a band of robbers who plundered indiscriminately and that the regulars of the French army would have nothing to do with them. All the facts show that Maximilian was the victim of a conspiracy and his fate was regretted all over the civilized world.

"I only met with one accident during the eighteen months of travel while conducting my mail route, and that was not serious. It happened at Chichon, where I stopped for dinner with my three passengers, and to change my team. I had agreed to break a pair of wild mules for Domingo, the ranchman, and had been working them for about three months for mone station to the next, but every time they would try to run away, though I always got the best of them by allowing them to run after getting them in the road, until they tired themselves down. I had them hitched up on this trip, and a man held them until we were all seated in the ambulance. When he turned loose the unmanageable brutes, they headed for a high and strongly built picket fence, and before I could turn them, the hack came in violent collision with the posts. In my efforts to

hold them I was badly hurt by being pulled from the seat, and as the vehicle was smashed, it was necessary to procure another conveyance before we could proceed. The nearest place where one could be had was Eagle Pass, but as the Indians were raiding in that part of the country, no one at the station would undertake the chances of making the ride for love or money.

"When troubles accumulate to a certain point something generally happens that improves the situation, and in our case the emergency was met by Henry Shane, a friend of mine, who lived in that vicinity. His offer of assistance was accepted and he started for Eagle Pass about one o'clock on his favorite saddle horse. The distance of twenty-seven miles was ridden and the return trip with an ambulance and two horses, that he got from Albert Tuerpe, was made in about eleven hours. Immediately after his arrival we hitched up the same wild mules, and without further mishap arrived at Eagle Pass about daylight. I started back the same morning, in the borrowed vehicle, about eight o'clock, as usual, and after driving fifteen miles I met Mr. Shane with the broken ambulance, driving the horses he had gotten from Albert Tuerpe. He had added to my obligations by following me with it, and it was taken to the government post, at Fort Duncan which had been established a short time before, where it was repaired in the shop there, in a most suitable manner, without one cent of charges.

"The following week when I returned from San Antonio I met Mr. Shane and asked him

S. S. MAN NEEDS PROOF

Proof of age — proof of marriage — proof of your work. These are things you should have when you visit your social security office to file a claim. By being prepared to show these proofs, you can expect to receive benefits sooner.

For further information see your social security representative, Mr. Luke Wade, who will be in Hondo at the District Courtroom on Tuesday, Nov. 19, 1957, at 9 a.m.

what I owed him for his services and trouble, but he disposed of the subject by saying, "Nothing, I was very glad that I was able to help you when you were in need". His generosity had been displayed by traveling fifty-four miles over a dangerous road at the risk of his life when no one else would take the chances. He had left his horse in Eagle Pass and assumed the responsibility of taking the conveyance through and his return, making a total distance of one hundred and eight miles, together with all the incidental troubles and expenses attached, all on my account and with no expectation of reward.

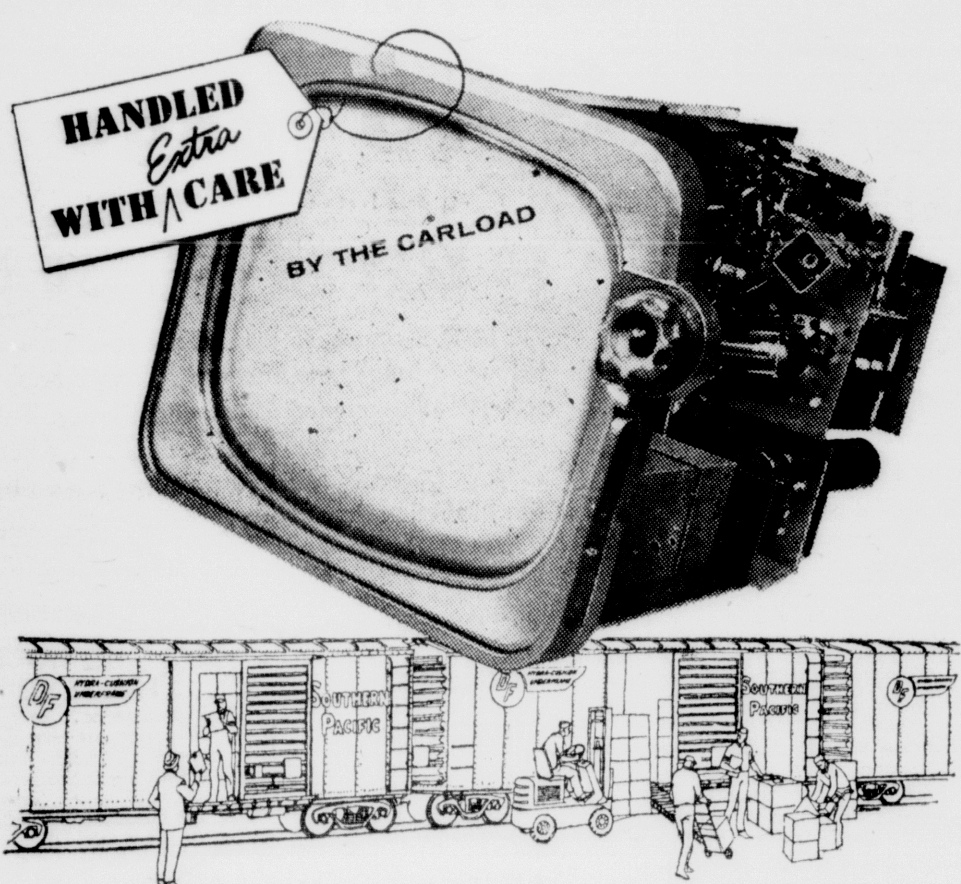

4B Entertains Other 4th Grades

4-B Story Club met Friday in the auditorium. President Alfred Henderson welcomed the guests: 4-A, Miss Lynch's room; 4-C, Mrs. McDowell's room; and 4-D, Mrs. Sharp's room.

Loretta Saathoff, Margie Mumme, and Oscar Herrera are the program committee for next week. Gary Clements acted as program chairman. Eric Holmgren recited the poem, Prayer for Peace. Glenn Neuman led the group in the pledge of allegiance to the flag. The group sang America, the Beautiful. Dr. John H. Jennings spoke about the meaning of Veteran's Day. The program ended with the group singing My Country 'Tis of Thee.

REVOLUTIONARY NEW "SHOCK-ABSORBER" GIVES EXTRA PROTECTION TO FRAGILE FREIGHT

Careful handling of freight has always been a prime concern of Southern Pacific. Four years ago we asked Stanford Research Institute to help us develop an even better way to cushion boxcar shipments of fragile freight. The result is something we're proud to report.

It is the Hydra-Cushion Underframe freight car, which employs a unique sliding underframe with a hydraulic pressure device to give extra cushioning to fragile shipments while cars are being coupled or are in transit.

350 Cars. We built 350 of these cars—and added "DF" (damage-free) interior loading equipment and roller bearings for good measure—to assure extra protection to shipments of television receivers, bottled goods, glassware, ceramic tile and numerous other fragile products.

The Hydra-Cushion Underframe freight car is an example, we think, of how Southern Pacific uses modern research in our continuing effort to give the finest freight service.

Southern Pacific

How to Keep a Free Press FREE

SELDOM does Freedom of the Press disappear in one annihilating blow.

In countries where the Press has been chained, there was first a period when it failed to realize and resist the beginnings of its end — the first encroachments on its freedom. There were powerful interests which wanted certain facts "kept out of the newspapers." There was pressure here and pressure there to have the truth withheld.

Before the Press of any nation succumbs to tyranny, there always has been a period of failure to speak out.

Here in America there is only the limitation of national security — the necessity to protect and preserve confidential military and scientific information — which can be accepted by a Press that is determined to stay free.

America's newspapers have made, and will continue to make, a conscientious effort to protect that security — at the same time keeping the people informed as fully as possible on all matters concerning their welfare. So long as American newspapers pursue that policy fearlessly, our Press, our people and our country shall remain free of tyranny.

PROCLAIMS CHRISTMAS SEAL DAY — Governor Price Daniel has proclaimed "Christmas Seal Days" as that period from November 15 to December 24. Bearing the request for the proclamation was Miss Carolyn Calvert of Austin, Texas' first Miss Christmas Seal and the reigning Miss Texas. Christmas Seals are being mailed over Texas Friday. They support work of voluntary tuberculosis associations toward control of the disease.

Christmas Seal Campaign Begins Friday, Nov. 15

Texas' increasing population is reflected in the 430 million Christmas Seals mailed in the state during November.

This is the greatest number of seals mailed in Texas in the 50 years tuberculosis associations have been organized here.

What, exactly, do you buy when you buy Christmas Seals?

You buy a share in the fight to outlaw the dread disease of tuberculosis. You buy a share in the vigilance necessary to keep this disease from each home in each town.

True, you can purchase less expensive seals for your Christmas cards and packages, but they do not bear the magic message that the fight against TB continues, and that you are a part of that fight.

You buy research when you buy the seals, research which has already resulted in the wonder

drugs which are helping curtail this illness. None of those drugs, unfortunately, works for all patients, and none is an absolute cure. Further research, it is hoped, might someday accomplish these aims.

It is estimated that about one-third of all the people in the U.S. have TB germs in their bodies. Not all of them will develop active cases of the disease, but some of them will break down. In the U. S. last year 15,000 died of TB. But many more are spending their lives as chronic invalids as a result of this oft recurring illness.

Of your Christmas Seal dollar, six cents goes to the National Tuberculosis Association which supports year-round research. The remaining 94 cents stays in Texas, to aid in research here, medical scholarships, and all the other factors in the fight against tuberculosis.

HOW MUCH SHALL I SAY?

In a classified ad say as much as is necessary to completely describe what you are offering of goods or services, little more. Be brief, concise, complete. Tell all you would like to know if you were the prospect.

Facts are what count in a classified ad. Superlatives are to be avoided. Readers of classified pages are looking for something. If you have it and your copy adequately describes it, leaves no question in prospect's mind, you will get action . . . a sale if terms are right.

A buyer looking for something in classified pages will read most of the ads to find it.

H. D. NEWS

The Yancey Home Demonstration Club met Tuesday Nov. 5 at the home of Mrs. J. N. Wilson. Because of the Flu, very few attended.

The club decided to have the annual rummage and cake sale Saturday, Nov. 16 at Garnetts store. Also for sale will be coffee and Golden Crumbles candy sealed in pound cans. Everyone is urged to come by and see if we have anything you can use.

The club Christmas party will be Dec. 3 at the Recreation Building.

Mrs. Wilson served fruit punch, brownies and chicken sandwiches to the group.

PERSONAL APPEARANCE

BY JERRY JUNE BERGER

Three-D, to most people, means three dimensional. Not so at the HONDO WOOLLS household where it has two different meanings.

There it means three daughters and DEBBIE, DOTTIE and DONNA. Latest to join the family is DONNA LOUIS born at Med-Hospital last Thursday. Grandparents are Mr. and Mrs. THOMAS KOCH and Mr. and Mrs. NEWELL WOOLLS.

PA

We had a brief mention in last week's paper about JERRY KOCH winning a trophy in a drag race at Castroville. This is nothing new for him, according to his mother, MRS. ELYNE KOCH. He has at least a dozen of his trophies at her home here in Hondo and says he has given about that many more to girl friends.

She admits she worries about him entering the competition but insists it is just another sport. It is football, and that there is no cause for alarm.

JERRY, who worked for a geophysical company for a short time after he finished Hondo High, is now employed at a brake concern in San Antonio. He travels all around the San Antonio area making these races, and insists that his mother attend just one and then stop worrying about it. But she hasn't yet.

For those of you who would like a good view in an easy driving distance, you might head for Castroville Airport on the fourth Sunday some month — that draws the next one on Nov. 24.

The October races at Castroville drew 800 onlookers, so it really is a growing sport. Racers were present from as far as Austin, but most were from San Antonio. They drove practically all the American-made cars and some foreign ones too.

PA

Not in the more than eleven years we have lived in Hondo have we seen the countryside so lush looking, or for that matter, the lawns about town.

Carpet grass, on these drizzly mornings, has truly been a picture to see — with the beads of moisture clinging to each blade and once in a while a glint of light causing them to shine like rhinestones.

Yes sir, this weather may be hard on a mother who has small children underfoot, but is surely a work of art on the part of Mother Nature.

PA

MILLIE ECKHART is in Monroe, La. visiting her new granddaughter, SANDRA DIANNE RACER, the baby's brother, BOBBY, and their parents, ALBERT and MONA RACER.

The baby was born Nov. 2 and weighed 7 lbs. 12 ozs. Her other grandparents are Mr. and Mrs. A. R. RACER of Uvalde.

PA

CHALA SIZEMORE, daughter of Capt. and Mrs. ROBERT SIZEMORE, entertained with a birthday party Saturday afternoon. She had invited a number of her high school friends but the flu bug and the weather combined forces to cut down on the crowd.

However, that didn't limit the fun — the few who were able to go had a great time playing games, participating in contests and, of course, consuming refreshments.

CHALA'S name is such an unusual one that we inquired, of her mother, about its origin. It is Chinese. The SIZEMORE family was stationed in the Far East for several years.

An eye-catching little Miss, the pixie-like CHALA has long, thick, dark braids — and she is just the type to wear them most effectively.

This Week --In Washington

By Clinton Davidson

In two world wars we have paid a high price for the complacency which preceded them. Are we about to pay an even higher price a third time?

That is the life or death question that our political and military leaders are pondering this week in Washington. Our survival as a nation and your own personal survival could hinge on the answer.

Russian scientists have placed in the hands of the Communist dictators the intercontinental missile which we, at the present time, can neither defend against nor match in retaliation.

It no longer needs to be a military secret that we had ample warning of this as far back as 1948. I can now report from personal knowledge that story for publication.

It is a shocking story that lays bare the smug complacency that lulled us into a false and dangerous sense of unwarranted security.

This is the Story. Names are withheld to protect, even now, those who took part in one of the most daring and successful espionage efforts of our time.

Shortly after the end of World War II a well-known manufacturer of planes for our military went to Germany to talk with some of the scientists who had worked on jet planes and missiles for Hitler.

Two of Germany's best scientists in that field returned with him to work on the development of similar projects in this country. There was no question, after two years, of their loyalty to America.

They volunteered to go behind the Iron Curtain to find out what Russia was doing. Our officials knew and approved of the plan. The two returned to Germany and soon were "imported" by Russia to work with other German and Russian scientists.

The fact that they had worked in the United States was not known to the Russians. For six months they probed the secrets of Russian progress in the science of military weapon development.

Then, one day in 1948, they slipped back into Berlin. A friend, not knowing of their work in Russia, jokingly remarked to them that he had heard that Russian agents were looking for two "escaped German scientists."

Later, President Truman announced that it would take Russia two years to perfect an atomic bomb, but a few weeks later Russia exploded one. Now come the 5000 mile Inter-Continental Ballistic Missile followed by Sputnik. It does not pay to underestimate one's enemy.

Now that we have been shaken out of some of our complacency, isn't it time for a crash program in an effort to catch up?

HONDO FFA SECOND IN AREA CONTEST 9TH

The Hondo F.F.A. Chapter entered area 7 F.F.A. Leadership Contest in San Marcos and came out second. The chapter conducting team placed 2nd Saturday by a score of 912 or 18 points below state competition. Last year the Chapter Division lost first by only 10 points out of a possible 1000 points. Three years ago the team placed first and went to state, where it took tenth. The two years before that the teams placed 3rd in area.

F.F.A. vice-president, attended an executive committee meeting of area officers Saturday in San Marcos. They laid out plans for the area 7 F.F.A. convention the last of May. They also discussed chapter ratings and scholarship and achievement awards that are to be awarded at this convention. The State and American Farmer Applications are always checked for area passing by area convention.

The second and third year vocational agriculture boys were awarded their silver F.F.A. pins of a chapter farmer in the regular F. F. A. meeting Tuesday night. To qualify for this degree the boys must meet the following requirements: Serve as a Greenhand for one year, be taking the second year of vocational agriculture, be able to lead a group discussion for 15 minutes, know parliamentary procedure, earn \$50.00 or more on their supervised farm project program, be voted in by the chapter, and have knowledge of the local chapter's program of work. Some 18 boys received their Silver Pins.

Boys who were members of the Chapter Division Chapter Conducting team placing second were Cliff Sadler, George Brucks, Richard Schweers, Mike Moore, Larry Hermes, Bruce Saathoff, Melvin Pack and Wesley Breiten.

The Greenhand chapter conducting team placing 4th out of 10 teams entered were: Cordell Bohlen, Clayton Saathoff, Charles Neuman, Dale Lindeburg, Joe Sowa, Glenn Marshall, and Rodney Freeman. John McAnelly served as advisor in both the Greenhand and Chapter conducting contests.

The Greenhand Farm Skill Demonstration team placed 5th out of 10 teams in competition. This team was made up of Billy Byars, Rodney Granberry, Preston Mobley and Dewey Saathoff. The team demonstrated the castrating, vaccinating, docking, and drenching of a feeder lamb for their demonstration.

CASTRO GIRLS TOUR NEW BRAUNFELS PLANTS

The Home Economics class of milling company. The class could
St. Louis School, Castroville, took
a day off to become more instructed
in their line of studies. These
future homemakers of America
left early, Friday morning to
make a full day tour in New
Braunfels.

First stop was at a fabric fac-
tory where they saw in detail the
makings of many a piece of fab-
ric. The class is studying tailor-
ing, and textiles were outstanding
in their minds.

They next went to a hosiery
mill. The last stop was at a flour

All three mills did everything
to acquaint the class with new
knowledge. Each place furnished
a guide, who explained step by
step. As they left the flour mills
each visitor was given a five
pound sack of flour.

With the home economics in-
structor, Sister Mary Noemi,
Mrs. Eugene Jungman and Mrs.
Wilfred Tschirhart also enjoyed
the day of touring with the home
economics class.

Mrs. F. L. Childs, owner and operator of
the Rose Floral & Novelty Shop of Castroville,
announces the re-opening of her shop on Satur-
day, November 16.

Holding a certificate from the Benz School
of Floral design of Houston, Texas, received in
October, Mrs. Childs is well qualified to serve
the public in all phases of fresh flower work
for all occasions.

The public is invited to visit the shop and
see the new and novel ideas and creations for
the holiday season.

MRS. F. L. CHILDS

Settlement News

By Mrs. R. H. Bayer

Sunday visitors of M&M Edgar
Balzen at Upper Quihi were:
M&M Earl Balzen, Gary and
Henry, M&M A. C. Roeder, Alvin
Balzen, M&M Frank Roeder and
children of San Antonio. M&M J.
D. Schweers also called there in
the afternoon.

Mrs. Andrew H. Oefinger, Mrs.
Edson Oefinger and children,
Mrs. Lina Fuos were Castroville
visitors Friday afternoon and
called on Mrs. Emma Tschirhart.

Mrs. Millie Jagge and Carolyn
Jagge spent Sunday with M&M
C. A. Maltby in San Antonio.

M&M Albert Groff of Char-
lotte called on Mrs. Wilfred
Moehring, Mrs. Erwin Biediger
and Vickie Ann Wednesday.

Miss Carmen Bayer spent the
weekend at home with her pa-
rents. M&M R. H. Bayer drove
her back to San Antonio early
Tuesday morning.

Mrs. William Wengenroth visit-
ed with M&M Elmer Biediger
and Mr. Adolph Biediger Monday.

M&M E. A. Mechler of Castro-
ville visited Mr. Henry Gross and
M&M J. D. Schweers Thursday
evening.

M&M Elmer Biediger visited
with M&M Louis Schneider Satur-
day evening.

M&M Wilford Hoffman and
daughter spent Sunday with M&
M Louis Mehr.

Mr. Henry Gross and Mrs. J.
D. Schweers called on Mrs. Rosa
Carle Friday afternoon wishing
her a Happy Birthday. It was her
Eighty First. Happy birthday
neighbor and many more happy
ones to come.

M&M Edgar Balzen of Upper
Quihi called briefly on M&M J.
D. Schweers Wednesday evening.
M&M Leland Guidry of SA
visited with Mr. Henry Gross and
M&M J. D. Schweers Saturday
afternoon.

Mrs. Lina Fuos spent the week-
end at the J. D. Schweers home.
Here at the settlement we had
1.9 inches of rain during the
weekend.

Leg Injury Ends Cal's College Football Days

KINGSVILLE — A leg injury
has caused Cal Hutzler, outstand-
ing Texas A&I halfback, to finish
his brilliant college football car-
eer early.

Hutzler, 5-foot, 9-inch, 170
pounds, received a bruised leg
muscle in the A&I-Sul Ross game
three weeks ago and has not been
able to play since.

Coach Gil Steinke, who recruit-
ed the little Rio Medina Star in
1954, had hoped that Hutzler
would be able to see further ac-
tion this year but the leg ailment
was too severe.

In four years of playing for
the Javelinas, Hutzler has amas-
sed 1,320 yards rushing, an aver-
age of 330 yards per season. His
most prolific year was during the
season of 1955 when he racked up
518 yards rushing, 234 yards pas-
sing, and scored 42 points.

Last season Hutzler accounted
for 504 of A&I's rushing yards
and rang up 134 yards passing.
He completed 7 of 9 passes, two
of them touchdown plays.

Draft Board Registrants

Registering recently with Tex-
as Local Board 48, Selective Ser-
vice System were the following:
Alfonso M. Ortega, Hondo, Ger-
ald L. Norwood, Hondo, Edivio
De la Pena, Devine, Melvin J.
Biediger, LaCoste, Alfredo R.
Abrigo, Hondo, Joe R. Ramirez,
Devine, William R. Haby, Mico,
Bobby R. Crawford, Natalia,
Francisco C. Cabrera, Yancey,
and Alfred J. Bourquin, Jr. Rio
Medina.

HERE IN HONDO

Mrs. Robert L. Cosgrove re-
turned from an extended trip to
El Paso. Her mother underwent
major surgery two weeks ago and
she has been there since that
time. She reports that her mother
is doing well.

Hutzler's absence from A&I's
past two games has been a handi-
cap to the Hogs. The honorable
mention Little All-American Half-
back of 1956 rolled up 243 yards
in seven games and was one of
the Hogs' best defensive men.

Besides winning Little All-
American laurels last year, Hutz-
ler earned a berth on the All-Lone
Star Conference first team and
the All-Texas Eleven. He was
chosen to the all-conference
second-team in 1955 and would
have been a top candidate for
many post season honors this
year, barring his injury.

Castro Ladies Tour In East

Mrs. N. L. Childs together with
Mrs. T. C. Whitehead, both of
Castroville, recently returned
from a trip to Syracuse, N.Y.,
where Mrs. Childs visited her sis-
ter, Mrs. Wilson Organ, whom
she had not seen in over forty
years.

With stop overs in Washington
D.C., New York City, Niagara
Falls and Chicago, both Mrs.
Whitehead and Mrs. Childs en-
joyed a scenic trip and many
points of interest on sight seeing
tours as well as an opportunity
to visit the many shops and stores
in the east.

Prior to this trip Mrs. Childs
had attended the Benz School of
Floral Design in Houston, Texas,
receiving a certificate in Octo-
ber.

Texas' first railroad building
charter was granted Dec. 16,
1836.

Caution plus courtesy, plus
common sense, equals safety. —

Romeo-Juliet
Scheduled
For Nov. 16

One of the major symphonic
works of the San Antonio Sym-
phony's 1957-58 season, Berlioz's
dramatic symphony, "Romeo
and Juliet" will be presented on
the Saturday evening, November
16th concert at 8:15 at the Mu-
nicipal Auditorium.

This is the first time Berlioz's
great symphony which calls for
three choruses, three vocalists
and an augmented Symphony
Orchestra has been presented in
the Southwest. It is such a prodig-
ious undertaking that in recent
years, it has been performed only
by the Boston Symphony and the
Bershire Music Center.

The 130-voice chorus, the San
Antonio Concert Chorus, is under
the brilliant and dynamic direc-
tion of Bess Hieronymus. Miss
Hieronymus has assembled her
Choir from the various churches,
colleges, professional and local
singers of this area as well as the
armed forces.

Vocalists include Elizabeth Ed-
wards, mezzo-soprano, John Mc-
ell, tenor and the superb
Chinese-born bass-baritone, Yi-
Kwei Sze.

The work will be sung in
French. It is not Shakespeare's
play set word to music but mus-
ical dramatizing of
enough of the Shakespeare scenes
to recall the progress of the tra-
gedy and no more.

This major choral work, like
Handel's "The Messiah" and
Beethoven's Ninth, will be the
entire Saturday night program.
The "Romeo and Juliet" will be
presented in three parts with two
intermissions.

Surprise Party Honors Kay Haltman

Little Miss Kay Haltman, daughter of Mrs. Harry Haltman, was honored with a surprise birthday party at the home of Mrs. Charles Tondre Wednesday afternoon, Nov. 13.

In addition to Mrs. Tondre, other hostesses were Mrs. Merline Heyen, Mrs. W. H. Rohde and Mrs. W. B. McWhirter.

The eleven year old honoree and approximately 16 little girls enjoyed an afternoon of bingo. Refreshments consisted of birthday cake, sandwiches and soda water.

Here In Hondo

M&M Mike Spaight and children spent the weekend visiting her sister on a ranch near D'Hanis.

BANDERA ARRANGER IS GARDEN CLUB GUEST

Mrs. L. W. Short of Bandera was guest arranger at a meeting of the Hondo Garden Club on Friday, Nov. 8, in the Medina Electric Co-Op auditorium. Introduced by Mrs. F. D. Garrison, Mrs. Short created all the arrangements from flowers and foliage which had been furnished by the hostesses for the day.

Serving as hostesses were Mrs. F. D. Garrison, Mrs. Marcellus Garrison, Mrs. O. A. Fly and Mrs. Ralph DeMontel. Mrs. DeMontel's mother, Mrs. C. B. Diltz of Smithville, was a guest of the club and she brought dozens of mums from her own garden for the hostesses to use in decorating the auditorium.

The next meeting, on Dec. 13, will be at the home of Mrs. Hugh Meyer. Each member is to bring a Christmas arrangement or decoration.

LYTLE WOMAN HEADS OES SCHOOL OF INSTRUCTION

Mrs. Ruby Gray, of Lytle, was appointed as deputy Grand Matron of District 5, Section 5 by Mrs. Ruby Enloe, Worthy Grand Matron of the Grand Chapter of Texas at the Diamond Session of Grand Chapter at Dallas Oct. 17-18, 1957. One of the duties of Mrs. Gray was planning of the O.E.S. School of Instructions at Lytle on Nov. 9th.

Honor guests were Mrs. Ruby Enloe, of Bryan, Worthy Grand Matron; Mrs. Mellie Mertz, of Del Rio, Grand Examiner; Mrs. Aarline Arnold of Pearsall, District Deputy Grand Matron and Mrs. Ruby Gray of Lytle, Deputy Grand Matron of the Grand Chapter of Texas, Order of the Eastern Star.

The Chapters in District Five, Section Five who assisted in the school were: Devine No. 43; Pleasanton No. 278; Lytle No. 335; Cotulla No. 1004; Oakville No. 521; Jourdanon No. 581; George

West No. 658; Poteet No. 913 and Tilden No. 919.

Officers for the day were Aileen Allen, Lytle, Worthy Matron; Carl Hardcastle, Pearsall, Worthy Matron; Nora Wheeler, Tilden, A. Matron; Frank Meyer, Lytle, A. Patron; Dorothy Rugh, Jourdanon, Conductress; Alma Phillips, Poteet, A. Conductress; Georgia Harrison, Cotulla, Secretary; Ruby Lee Pope, Oakville, Treasurer; Aileen Cooley, Pearsall, Chaplain; Freida Koemel, Poteet, Marshall; Sara Matthews Cotulla, Organist; Julia Schultz, Cotulla, Adah; Lydell Dunn, George West, Ruth; Bernice Dodson, Devine, Ester; Lela Allen, Pleasanton, Martha; Oris Hardcastle, Devine, Electa; Joyce Shives, Warder; Ellis Bush, Lytle, Sentinel. Pages were: Ann Williams, Lytle; Katie Mae Crocker, Pleasanton; Dell Coleman, Tilden; Hazel Meador, Jourdanon. Courtesy Committee is Melva Hoffman, Lucile Wells, Lytle, Maxine Smith Macdonna, and Mavourneen Harris San Antonio.

A reception honoring all Grand Officers, was in the banquet hall of the Masonic Hall, under the direction of Rushia Bush, Helen Brown, Jeanine Guinn and Mavourneen Harris.

You'd be busier than a Worried Bee

... if someone sued
you for damages!

You'd have to fight the case all by yourself — foot the expense of hiring an attorney to defend you — and if the final verdict were in favor of the other fellow you might lose almost everything you owned!

Why run such a risk — when for a few cents a day you can get a Hartford Comprehensive Personal Liability Policy which protects you against claims arising out of your personal activities, home ownership, or home tenancy!

Four Hondoans In O. L. L. Choir

The Our Lady of the Lake chorus will join the San Antonio Concert Choir and symphony in the performance of Berlioz, Romeo and Juliet, Nov. 16, at Municipal Auditorium and in Austin on the 18th. Four members of the chorus group from Hondo are Aileen Brucks, Earline O'Neill, Mary Jo and Carolyn McFarrell. This is the 3rd year the chorus under director Gerald Ingraham has sung with the symphony.

Mary Jo-McFarrell of Our Lady of the Lake College is one of the twelve students named to the Texas Nu Chapter of Alpha Chi National Honor Scholarship Society.

Hondo Student Chosen For Alpha Chi

Gayle Knight of Hondo has been initiated into Southwest Texas State College's chapter of Alpha Chi, national scholarship society in San Marcos.

Miss Knight was one of 47 top-ranking students eligible for membership in this honor society which stimulates, develops and recognizes scholarship.

Members are chosen each fall from the top 10 per cent of the junior and senior classes. Good reputation and character are also essential qualifications.

Dr. Alfred Nolle, dean of Southwest Texas and past president of the national organization, conducted the formal initiation. Dr. Nolle serves as the present secretary-treasurer of the National Council of Alpha Chi.

A junior music education major, Miss Knight is the daughter of Mr. and Mrs. H. D. Knight of 1201 24th St., Hondo.

WE REPAIR TYPEWRITERS★

Now that the dust has been settled, it's time to get last year's sand storms out of your typewriters.

There is nothing so damaging to a business machine as gritty sand in the works. Do-it-yourself oiling may make it operate, but it can also carry the sand deeper, shortening the life of your typewriter or adding machine.

Our trained repairmen can disassemble your typewriter, (any make), soak it in solvent, clean it thoroughly and put it back together so that it will work almost like new.

New machines need care, too. Even if your machine is only about a year old, there have been tons of dust in the air during the past year, and some of it has settled into your typewriter.

You gain an important advantage when you send your business machines to The Hondo Anvil Herald repair department for overhaul. Satisfaction is guaranteed, and we'll be right here to back up our statement if anything does go wrong with your machine. We've

made some mistakes. We've had to go back and re-do a few jobs that weren't exactly right, but we re-do them cheerfully, and don't rest until they are working properly if we are told about it.

Why don't you join the hundreds who have had their typewriters and adding machines cleaned and repaired by The Hondo Anvil Herald? Our customers thus far have included Texas Aviation Industries, U. S. Government agencies in Hondo, Texas State agencies in Hondo, Universal-Rundle Corporation, Hondo schools, many other schools and county officials in an eight county area, as well as many individuals and business firms.

If your machines need a check-up, just telephone HA 6-3346 and we'll be glad to give you quick service. If you need a loan machine, just say the word. We'll schedule a time when we can furnish you with a spare while yours is in the shop.

The Hondo Anvil Herald
Office Machine Repair Department

★More of them in the first nine months of this year than during the entire twelve months of 1956. Our repair and cleaning business is growing rapidly.

MRS. BERRY HONORED ON 91st BIRTHDAY

Mrs. Mary Etta Berry, who has been a resident of San Antonio since 1923, celebrated her ninety-first birthday on Oct. 20 at the home of her son and daughter-in-law, Mr. and Mrs. Thomas J. Berry, 610 Essex. The family gathering, highlighted by a covered dish dinner, was a happy occasion for Mrs. Berry, who has been bedfast since her eighty-eighth birthday. All seven of her children were home for the occasion. Her sons are Mark, Charlie, Tom and Raymond, all of San Antonio, and her daughter is Mrs. Estelle Miller of Boerne, Mrs. Pearl Dodd Corley of Langtry and Miss Lola Berry of Los Angeles, California. Mrs. Berry also has two step-daughters, Mrs. Bill Long of Bertram, Texas, fourteen grandchildren and twelve great grandchildren.

Others coming from out-of-town were Mrs. Ed Van Atten and Mrs. Emmett Harbin of Corpus Christi; Mr. and Mrs. J. W. Hall and Mrs. Laura Griffin of Devine; Mr. and Mrs. J. W. Hall Jr., Nancy and Betty Jo, San Marcos, Mr. J. M. Corley, Langtry, Mr. Gene Haas and Mr. and Mrs. Mina Adams of Boerne.

Mrs. Berry, formerly Mary Etta Collins, was born in Bastrop, on Oct. 21, 1896. The daughter of Mr. and Mrs. W. C. Collins, she was the oldest of a family of seven girls and two boys, and is the only living child. She was married in 1888 to John Hawkins Berry of Bertram. They resided in Bertram until 1906 and then moved to Hondo. To this union was born eleven children, two of whom died while babies. Mr. Berry passed away a few years later, leaving her with nine children of her own, having already reared five step-children.

It was Mrs. Berry's pleasure to meet another great grandson, Richard Miller Haas, on Wednesday following her birthday. He is the son of Mr. and Mrs. Gene Haas of Boerne, who stopped by the Berry home as he and his mother were being taken home from the hospital.

SECO PHILOSOPHER NOT

Worried By Threat Of Unseen Messages Flashed On T.V. Sets

Editor's note: The Seco Philosopher on his Johnson grass farm is unworried by the latest development of science, his letter this week indicates. However he's probably not even worried by some of the earlier developments either.

Dear editor:

Some people hunt so hard to find something to worry about you figure they'd be worried sick if they didn't have anything to worry about.

For instance, I was reading in a newspaper last night while most of my neighbors were out looking up at the sky worrying about Sputnik, where science has discovered it can flash a message on a television screen so fast the eye can't consciously see it, yet it gets through to the brain and registers there.

Now this seems like a harmless enough discovery, but right off a lot of people in Washington began worrying about it, and some of them are now proposing a law against the thing. They say it could be a wicked thing; for example, politicians could flash their name on television screens so often voters would have an unconscious urge to vote for them. Advertisers, they say, could flash their messages across so stealthily everybody would be buying their product and not know why.

Well, now, I'll tell you. This thing doesn't worry me. Take politicians, I don't care how often I read some politicians' names, consciously or unconsciously, I still wouldn't vote for em. Seeing a man's name over and over isn't necessarily the way to get him elected. Sometimes it's the way to get him defeated. Even before science developed its un-seen television messages, candidates were trying this by tacking posters on telephone poles and fence posts, but it didn't follow that the man with the most posters won.

Now with advertising messages on television screens, I'll tell you, if advertisers can fig-

ure out a way to get their message across without interrupting the program and without even being seen, I believe a lot of people would be in favor of it, although of course I recognize that there are people who'd be in favor also of running the programs off in that fashion also.

If science can get to the point where politicians can speak for an hour on television and not be consciously seen, you'll find a lot of people endorsing the idea. In fact, if they can enlarge this whole idea, and get things to where my wife can just flash her instructions to me, without me being aware of em, I'll settle for that and let the Russians have outer space. Yours faithfully, J. A.

The 58 FORD is here now...

there's nothing newer in the world

With all that's new
for a world of difference

There's bold, new styling—new Interceptor V-8 Power—new Cruise-O-Matic Drive—new Ford-Aire Suspension! The 58 Ford is the only car ever to meet a world-wide test and win world-wide approval before its public premiere!

You could search the world over and never find a car to match this 58 Ford's new beauty... new power... new ride... all at the low Ford price. We know! We tried it!

In Paris... the most style-conscious fashion critics in the world had a deep, low bow for Ford's latest style creation. In the mighty Himalayas, Ford's new Interceptor V-8 engine with Precision Fuel Induction won the day!

Then there's nothing newer than the true air ride of Ford-Aire Suspension. It's like riding on a cloud! But, you don't have to go to foreign soil to drive this newest Ford. We'll gladly save you the trip. Come in today!

From London to Bangkok... the whole world loved it!

The 58 Ford stopped traffic in Trafalgar Square when it passed through on its round-the-world trip. And that was typical of the excitement this Ford caused in Paris... Rome... Athens... Istanbul... Calcutta... and Bangkok. For this Ford was proved around the world-in the toughest "shakedown" cruise in history.

COME IN... SEE THE CAR THAT WAS PROVED AND APPROVED AROUND THE WORLD!

CARL JOHNSON
HONDO'S PEPSI DISTR.

State President Attends District F.F.A. Contest

The Revaldina F.F.A. District was honored Saturday morning to have state F.F.A. president, Billy Penn of Lufkin, present at their district leadership contest. District president, Howard Saathoff, called on president Billy Penn who told all the 28 teams entered that each team was a winner even though they did not all place first in their division of the contest.

John Holcomb, area VII supervisor of vocational Agriculture and ARE VII F.F.A. advisor was present at the district contest for the first time. Eight teachers of vocational agriculture from area 10 in the Winter Garden F.F.A.

district acted as judges for the six events. Monday Nov. 4, six teachers of vocational agriculture were in Jourdanton to serve as judges for the Winter Garden F.F.A. leadership contest.

The first and second placing teams in Saturday's contest will enter area VII competition Nov. 9, in San Marcos. In two events there were very few teams entered. The following teams won these places in the greenhand (Voc. Agr. I division) F.F.A. Quiz: 1. Utopia, 2. Natalia, 3. Bracketville, 4. LaCoste, 5. Devine, 6. D'Hanis and 7. Knippa; Farm Skills: 1. Natalia, 2. Hondo, 3. Devine, Chapter Conducting: 1. Hondo and 2. Devine.

In the chapter farmer division (Boys who have had more than one year vocational agriculture and F.F.A. Work) Radio: 1. Utopia, 2. Devine, 3. Hondo, 4. Knippa, and 5. Bracketville.

Farm Skills: 1. Natalia, 2. Knippa, 3. Hondo and 4. Devine. Chapter Conducting: 1. Hondo, 2. Leakey, 3. Devine, 4. D'Hanis, 5. LaCoste and 6. Natalia.

Hondo F.F.A. Chapter was the Sweepstakes Award winner for the contest with a total score of 20 points.

New Shirts

There was a pleased group of F.F.A. boys Tuesday morning when the new blue F.F.A. shirts arrived. The boys hope to wear these shirts or F.F.A. Jackets to the area VII leadership contest in San Marcos Saturday.

Boys receiving these shirts are: Cliff Sadler, George Brucks, Martin Naegelin, Bruce Saathoff, Richard Schweers, Clay Heyen, Larry Hermes, Clark Wurzbach, Jerry Neuman, and Jimmy Neuman. Cliff Sadler also ordered a gold F.F.A. tie. James Honig ordered an official F.F.A. pocket knife.

Auxiliary Meets With Mrs. Notter

St. David's Episcopal Woman's auxiliary met Wednesday Nov. 6, in the home of Mrs. R. W. Notter with Miss Thelma Lynch, President, presiding.

The devotionals was given by Mrs. Stan Benson.

The women voted to present a check to the Christmas Stocking Fund and to send gifts suitable for children.

Mrs. Stan Benson reported on the Western Convocation Conference held in Eagle Pass. Present were: Mrs. R. W. Notter, Mrs. W. S. Porter, Mrs. Harvey Renken, Mrs. John Hagan, Mrs. Stan Benson and Miss Thelma Lynch.

Refreshments of coffee and cookies were served.

Attend Meeting

The Western Convocation for the Episcopal woman's auxiliary was held at Church of the Redeemer Eagle Pass, with Rev. Eugene Botelho, Priest-in-charge of San Juan Mission Farmington, N. M. as guest speaker.

With the aid of colored slides, he reported on the field work being done on the Navaho Reservation by the Episcopal church and the work carried on in the Mission Hospital.

Representatives from Carrizo Springs, Del Rio, Uvalde and Hondo attended. St. David's Episcopal church was represented by Mrs. Mae Rutter and Mrs. Stan Benson.

Dinner was served by the auxiliary of Eagle Pass.

Here In Hondo

Mrs. Louis Boehle and daughter Patsy and Mrs. Rudy Sprott attended the Flower Show and Style Show given by the Bandera Garden Club Saturday.

M&M N. C. Johnson and Jamie spent the weekend in Rockport visiting her sister and family. M&M Jim Smith and children.

LETTER TO THE EDITOR

Dear Sir:

Enclosed find cutting from the Pittsburgh Press which I thought may interest you. I do a little bragging about Texas myself up north here.

I have been visiting Texas for the last 31 years mostly D'Hanis, Castroville, and your town Hondo, and met a lot of fine people. It all started in 1906 when my mother asked me to escort her to San Antonio to visit a Mr. and Mrs. Ed. Haass. Mrs. Haass was a member of class at a hospital at Collmar Alsace Lorraine where they both studied to be midwives. After their graduation Mrs. Haass married and took up residence in San Antonio. They both kept up a correspondence over a number of years.

In 1906 my mother asked me to go to Texas with her.

In those days the Railroad Company would sell homeseeker ticket for 41.80 round trip to San Antonio, good for thirty

days. It was almost like the covered wagon days. We got a train in Pittsburgh Tuesday noon and arrived in San Antonio Saturday 11:30 a.m. (same week. We changed trains seven times, and each time with a lay over of about five or six hours. We spent about ten days in San Antonio when mother made a casual remark about having two cousins somewhere in Texas. Mrs. Haass said Texas was not so big and asked their name. Mother said Victor and Chas. Boog. Mrs. Haass said she knew them out in Medina County. She said at the depot in D'Hanis was a blacksmith shop with a sign, Chas. Boog.

The next day she sent for me and I found a town where every one spoke the Alsatian language. Having been born in Alsace Lorraine I felt right at home. Since that time I made about twenty trips there. In 1908 I came by myself and almost forgot I had another home. After about seven months stay in D'Hanis I departed for my home town in Pittsburgh. During that time I got to know a lot of good, kind folks — a lot of them have passed on by now.

Ever since returning here I still have a yen for Texas. I retired twelve years ago from the Bell Telephone Company and made twelve trips to Texas with my brother Jess. He also likes Texas. We made the trip about four times by Auto, but most of the time by train. The train service is very good now. A train leaves here every morning at 4:05 and brings us into San Antonio the following day about 11:30 a.m. We stay at O. W. Tondre and Louis Carle and when in Hondo Mr. and Mrs. Fritz Muennink. I do not know if you consider this news or not. If so you can even print it.

I want to thank the good people for the fine hospitality they have extended to us during our stay. There is one thing Hondo can be proud of besides having a good news paper, good Doctors, and a good Dentist one can trust. (Although the last time I left his office, I missed three teeth, but as the old story goes, if I had kept my mouth shut I would still have them). To all those people I am humbly thankful, most of all Very Rev. Ehlinger.

Respectfully yours,
August J. Fest.

New Hours: 7:30 a. m. to 6 p. m.

1905 AVE. M

It was bluebird weather when duck season got under way this year. Nevertheless many hunters shot their limits. . . from the Red River to the Gulf.

Then came a good norther. And now the weather is better for duck and goose shooting.

This type of hunting is about the hardest and most difficult gunning in Texas. So much depends, not on what is done in Texas, but on conditions in Canada throughout the early part of the spring and summer.

If conditions are right north of the border, and there is a big hatch, Canada will send more ducks down the various flyways into the United States. Many will stop before they get to Texas. But countless numbers have wintered on the Texas coast for so long that it is family tradition for them to return to the Lone Star State. And here they head.

More and more ducks remain in Texas waters every year, in order to produce their families in the South.

However, they represent but a small amount of the total duck population. And this number is reduced considerably after the first few days of shooting.

Good Shooting is Everywhere

Most duck and goose hunters think of the Texas coast as the best hunting place in the state. That isn't necessarily true. There are thousands of ducks killed each year on the streams and farms tanks of Texas. Excellent hunting exists on all the major impoundments in the state and in the grain fields of the Texas Panhandle.

Grain field hunting is about the easiest on the gunner. He hides behind a shock of grain or in a hurriedly-thrown-up blind.

Duck hunting under most conditions is hard work. Usually the worse the weather the better the shooting. It usually takes a cold drizzle to get the ducks and the old honkers to come down close to the ground. That is, close enough to reach them with a blast from the shotgun.

Of course the ammunition manufacturers have learned to load the standard length shells with a little more powder and shot. But, the duck and geese are smart, too. They just fly a little higher.

Most waterfowl shooting is done on water. For this reason it is necessary to have a good boat and—or waders.

Boat hunters can use outboard motors to take them to blinds or bring them back to the shore. They also can be used to pick up dead ducks, providing the isn't used. But, the law is strict on the

use of any kind of power boat for hunting ducks.

There was a time when most hunters had well trained dogs to retrieve their birds. But the raising of good duck retrievers. Now it's largely a do-it-yourself job.

Duck hunters have to get up early, as the season opens a half-hour before sunrise. Usually a hunter will want to have his decoys spread out on the water half-hour earlier than that. The decoys into his blind as starts tooting on a duck call.

Frankly, more ducks are frightened off by callers than ever come in. However, many won't believe this.

There are a few hunters who really can talk to the ducks on these wooden callers. Too many of us, however, don't have the proper ear. We have not been around ducks long enough to know their language or to understand them.

One of the most disconcerting things that can happen is for the man in the next blind to start away on his duck call when a flock is coming down to your decoys. The yake to wing and that is the last you ever see of them.

It may be helpful for a hunter, on a large body of water, to have a call. But only if he uses it in a very limited manner. Just one or two quick calls will be heard by the flying ducks. If they are interested in the decoys no more calling is necessary. On the other hand, many hunters achieve the same results by whistling or by barking like a dog. This is a common practice on the coast.

Care of the Gun

It must be remembered that duck hunting usually is hard on the gun too. Especially is this true when hunting around salt water. It doesn't do much good to carry a gun onto the water in a soft lined case, then let the gun get wet and put it back into the case. That salt water remains and the gun soon is covered with rust.

Perhaps one of the simplest ways is to use one of those plastic bags that your cleaning comes in, nowadays. You can haul your gun onto the water and bring it back in this plastic bag, and then throw the bag away. Then, as soon as you can, wipe the gun off with some good rust inhibitor or oil. In that way you can keep from having a badly pitted gun.

Tell your wife to save these plastic bags for you. You can use them to save your feathers in when you return from a hunt. Then make some nice feather pillows.

Another way to do yourself a good turn is to keep a record of the ducks you kill. Then send the information to the Game & Fish Commission. Also be sure and send in any bands you find on the birds you kill. These bands provide valuable information. They help the boys in the commission office select the season dates next year.

Fishing is Good, Too!

Just because it is duck season you don't have to neglect fishing. Fact of the matter is that some of the finest strings of fish are caught by duck hunters after the flight has gone on for the day. If you have your waders along, try some in-the-water fishing. You may find a new thrill there that you have been overlooking.

Comets Blank Schreiner Institute

By Gerald W. Kempf

CASTROVILLE — The St. Louis Comets got back into the column again Thursday night when they handed the Schreiner Institute Rebels a 26-0 defeat in the Academic League game. The Comets gave the Rebels a 3-2 victory mark for the season. The Comets, defending Champions of the League, could do no better than to gain a third place berth in the standings this year, behind the powerful St. Gerard's and the Comets.

St. Louis, displaying somewhat of a defensive play than in the previous two games, managed to keep their opponents scoreless. They were scoring once in the first period, twice in the second and once in the third period.

After the ball had changed hands three times, twice on fumbles, the Comets started to roll. Fullback Bobby Tschirhart broke through to block a punt on the 50 yard line. Tschirhart picked up the pigskin and returned it to the Rebel 37. He was hauled down from the 40. Four plays later St. Louis scored on their initial score. Quarterback Carl Mangold rifled a pass to Tailback Royce Groff. Groff scampered over for a touchdown on a play covering the end. Arthur Espino's kick the extra point was wide and the Comets led 6-0.

The Comets added their second score the next time they got possession of the ball. Right End Roy Bourquin covered a loose fumble on the Schreiner line to give the Comets a lead of 12-0. After Groff and Mangold had up first downs to the five, the Rebels blasted over from the four line for his second score of the night. Espino booted the extra point and the Comets were in front, 13-0.

St. Louis scored again with 28 seconds left in the first half. Again Bourquin recovered a fumble to give the Comets possession, this time on the 44 yard line. Two quick downs moved the pigskin to 7, from where Mangold got a nod. He responded beautifully, driving left end for the touchdown. Mangold tried an end run the extra point but was stopped short of the goal line. St. Louis led at the half, 19-0.

Following the entertaining half, the activities performed by the St. Louis pep-squad, the Comets went to work again. For the third consecutive time a Rebel fumble led to a Comets score. The second fumble was fumbled by Schreiner and quickly grabbed by St. Louis, and the Comets reached 34 yards for a touchdown. The hard-running Groff added for two first downs during the drive, and Tschirhart was up on to pick up the last score. On the fourth down Tschirhart bulldozed over from the yard line. Espino successfully converted giving the Comets a 20 victory.

The final period was scoreless.

as both teams displayed fine defensive play, neither threatening seriously to score. Coach Keller of the Comets used his youthful substitutes freely in this period and the youngsters gave a good account of themselves.

In leading the Comets to their sixth win of the season against three defeats, Groff and Tschirhart both carried the ball well for St. Louis, and Mangold's passing was sharp as he completed two of his five tosses for 82 yards and one touchdown.

Groff and Linebackers Tommy Boehme and Jimmy Jungman led the Comets defense.

The Rebels could never get a

good scoring drive started as they lost the ball four times on fumbles. Two of their starting backs were sidelined by the flu, which definitely hurt the team.

Next Saturday night, November 16, the Comets will meet their old rivals, the LaCoste Eagles. This game, to be played at Wildcat Field in Castroville, will highlight the St. Louis Ex-Students Homecoming activities. Both teams are expected to be at full strength for the hard-fought contest. Last year the game ended in a 13-13 tie, and an equally exciting game is anticipated this year. Everyone is invited to see a good ball game.

Statistics	
Schreiner	St. Louis

BIRY NEWS

Misses Doris Ann Conrad from Devine and Janice Kolinek and Messrs. Loren West and Dannie McCarm from San Antonio attended the Chesser-Gustafson wedding and reception at Kenedy on Saturday, Oct. 26th. Doris Ann Conrad and Janice Kolinek were bridesmaids for their roommate, Frances Gustafson.

Miss Doris Ann Conrad from SA spent the weekend with her parents, M&M Frank Conrad at Devine.

Safety Should Begin At Home

"Parents, more than anyone else, are responsible for setting a good example to their children in safety practices."

J. O. Musick, General Manager of the Texas Safety Association, made this statement in behalf of TSA's current program to develop healthy safety attitudes.

"Parents often treat children as if they were deaf, dumb and blind," he said. "They don't realize that children have keen minds and pick up their first habits, good and bad, from their parents. This is especially true of safety habits."

"Truly, safety begins at home, and parents should be sure their actions set the right pattern of safety practices for their children to follow."

He also said that parents themselves are often victims of their own carelessness, or are responsible for accidents to their children through failure to stress safety measures in their own behavior around children.

"Many parents," he said, "will drive carelessly, jaywalk or use

unsafe tools around the home, in the presence of their children. Yet these mothers and fathers will scold their children for doing the same thing."

Musick reminded parents that past National Safety Council figures indicate that more than 10,000 children under 14 years of age will die in accidents of all types this year — unless better safety education is provided in the home.

San Antonio Livestock Exposition-Rodeo Set

The ninth annual San Antonio Livestock Exposition and Rodeo will be held February 7 through 16, 1958, at Bexar County Coliseum with more than \$86,000 total prizes and premiums offered.

According to E. W. Bickett, president of the Exposition, Livestock and horse show premiums offered total \$55,000, including Breeding Cattle premiums, Fat Steer Calves, Fat Wether Lambs and Fat Barrows.

The Boys Fat Livestock Show, which is limited to entries from Texas of boys between 9 years of age up to 21 years, offers a total premium of \$7,748.

Junior Livestock Show, limited to any Texas entry from a boy or girl, 9 to 21 years old, offers premiums of \$2,724.

A new feature of the 1958 show is the Junior Ready-to-Cook Poultry Show. Entries are limited to Texas members of 4-H Clubs or FFA Chapters.

According to A. B. Johnson, general manager of the San Antonio Show, the Quarter Horse Show will be held from February 7 through 11 with Halter, reining and Roping classes.

The Third International Appa-

"It simply doesn't add up," he said. "If parents want to do right by their children, they must set a good example in everything they do. If they want to instill in their children the necessary precaution the list of scheduled accidents, they had better inventory their own safety habits."

"Be safe parents," Musick concluded, "and you'll have safe children."

loosa Horse Club Show will be held starting February 12 through the 18th with Halter and Reining Classes and a Stake Race.

The Cutting Horse Show, one of the highlights of the Exposition, will again feature the top horses and riders of the nation.

Additional monetary awards to exhibitors for neatness will be offered by San Antonio with special prizes for herdsman and boys and junior exhibitor awards.

Livestock entries close December 15 and horse show entries close January 15, 1958. For premium list write to A. B. Johnson, General Manager, San Antonio Livestock Exposition, P.O. Box 1746.

Styled in the American Spirit of '57

Inspired by the glory-days of the New England whalers! Brickweave patterns as restful as a calm sea... colors that are rich and refreshing. It's a perfectly mated wardrobe that launders perfectly, too. See it today! Most Dress Shirts and all Sport Shirts available with new Collarite sewn-in stays. Keep collar flat — no more lost stays.

Dress Shirt \$4.00

Sport Shirt, \$5.95
Pajamas, \$5.00
Shorts, \$1.50
Tie, \$1.50

FOR EVERY BUSINESS NEED

ANVIL HERALD

Sensational YEAR-END SALE

on **NEW** and **USED** farm equipment

SPECTACULAR Savings on BRAND NEW and USED Equipment to make room for 1958 shipments!

Save big money by looking ahead and buying your needs for winter and all next year now. We must clear our floors for 1958 machines and get set for 1958 business. That's why we are slashing prices and boosting trade-in allowances so much you can't afford to hang onto old machines. Buy or trade now. No interest or carrying charge before next working season. And — you can spread later payments over four crop years if desired. Beat higher 1958 prices — make double savings by dealing now!

Let us Demonstrate the all-new 400 on your own farm.

Just call us, or stop in anytime.

Your old machine may make the down payment.
